

Unpin a File

Step 1: Make sure you're on the files tab.

The screenshot shows the AXEL Network interface. At the top, there is a navigation bar with the AXEL Network logo, a user profile icon, and a balance of @ 20.49308535. Below the navigation bar, there are three tabs: 'Upload', 'Files' (which is selected and highlighted in purple), and 'Settings'. On the left side, there is a sidebar with 'My Files' and 'Public Files' options. The main content area is titled 'IPFS storage' and shows '0 Folder, 4 Files'. A table lists the files with columns for Name, IPFS Hash, Size, and Updated. The first file, 'AXEL-diagram-04.png', is highlighted in grey, indicating it is selected.

Step 3: Click on the green arrow in the top right corner of the window (file details will appear)

Step 4: Click the “Unpin” button

Step 5 Select “Yes” when asked if you want to unpin the item.

When selected a message will appear that says “File Unpinned Successfully”.
