

Viewing Your Token Balance

Step 1: Your AXEL wallet token balance can be found by looking at the top right part of the screen. No matter which menu you are on, it will display in the same location (see highlighted area).

The screenshot shows the AXEL Network interface. At the top left is the AXEL Network logo. In the top right corner, the user's token balance is displayed as '@ 20,489,701.35', which is highlighted with a yellow background. Below the header, there are navigation buttons for 'Upload', 'Files', and 'Settings'. The main content area shows 'IPFS storage' with a table of files. The table has columns for Name, IPFS Hash, Size, and Updated. The files listed are:

Name ↑	IPFS Hash	Size ↓	Updated ↓
AXEL-Desktop-Image-1.jpg	QmdPEu45AmTurG8Z23Rs3nUUUnp9qG2YgT7e5cQE7wF6vpH	25.93 KB	Jun 13, 2019
