

Adding/Removing a Profile Picture

Step 1: Make sure you're on the "Profile Tab" within Settings

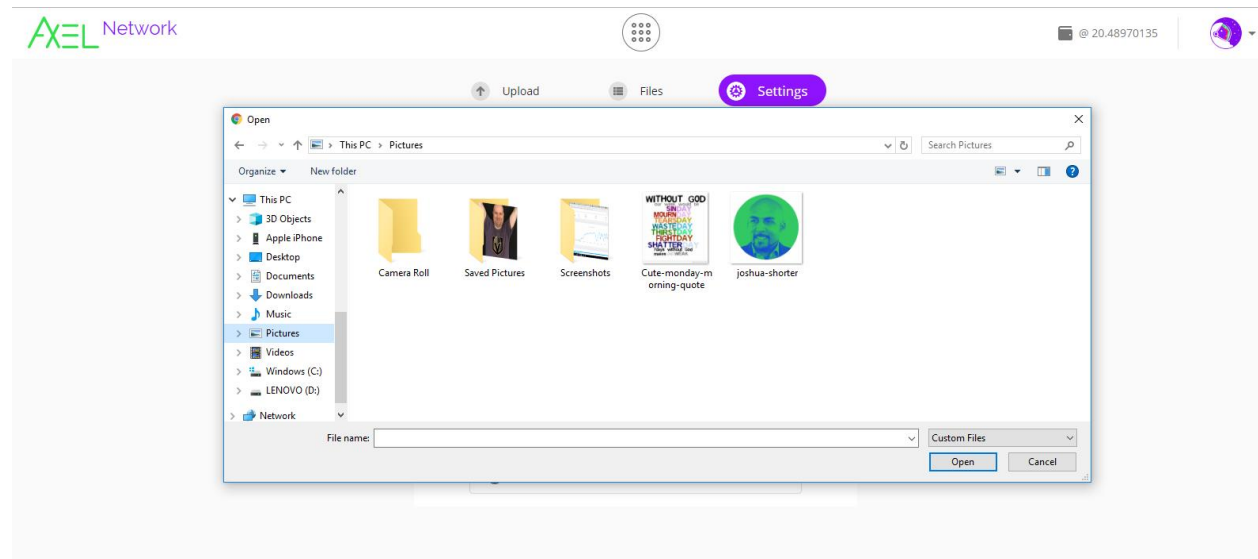

Step 2: Hover over the image in the center and a menu option will appear.

Step 3: Click on "Update Pic".

Step 4: Select your picture and click “Open”.

Step 5: Click the green “Update” button.

When finished, you will see a message that says “Profile Updated Successfully”.

TO REMOVE A PROFILE PICTURE

Go through the steps 1 and 2 then select “Remove Pic”
